

How to become a part of **COMMUNITY LIVING CARE, Inc.**

SERVICE ACCESS

Our services are funded through the Home and Community Based Waiver Programs, as well as county contracts within the Intellectual Disabilities system. The gateway to these services is through your local Intellectual and Developmental supports coordination unit. Our services are provided without regard to race, color, religious creed, disability, ancestry, national origin, age, sexual orientation, or Limited English Proficiency (LEP).

EMPLOYMENT

Employment opportunities, for those above the age of 18, are available in all our direct service departments. These job opportunities are available seven days a week, 24 hours a day dependent on your department of interest. CLC is an equal opportunity employer.

RESIDENTIAL SERVICES

**“You can’t give care,
without caring.”**

– Hayes E. Treasure, Founder

RESIDENTIAL SERVICES

Community Living Care Inc.'s (CLC) Residential Program is the cornerstone service of the agency. This service for intellectually disabled adults began in 1988, in Greensburg PA. The agency opened as a residential provider with a single home and the administrative office located in the basement of that home.

Over the years, CLC has transitioned many people into this service. CLC has assisted people in establishing roots in their local community as they moved from their family homes, state centers and other congregate care facilities.

The people we serve are our first priority and the quality of service that we provide is our greatest responsibility.

It is the intent of CLC to support a person throughout their life. As a person ages and their needs change, our service adapts to meet their current need.

We look forward to having the opportunity to serve your loved ones in our program.

HOME IS WHERE MEMORIES ARE MADE

CLC strives to provide homes that are a reflection of the people who live in them. Each home is imbedded in the local community and each resident is encouraged to actively participate in decorating their room and to collaborate with their housemates on the communal areas of their home.

The level of support provided in these homes is based on individual need. The service is provided up to 24 hours a day, seven days a week. CLC has various home models available, including medical, multi-person, and single person. There are urban as well as rural options available. No matter which model you choose we provide services focused on a fully enriched life of family, friends, and community.
